Dear Parents,
Learning Martial Arts teaches children
lessons that will last a lifetime.

At Dynamic Edge Martial Arts we teach from the heart. As a parent myself, I teach the things I want my child to learn; respect, confidence, leadership, self-defense, goal setting, fitness, how to follow complex directions, and the joy of developing a life long practice of martial arts.

We teach emotional awareness, communication skills and the power to transform the obstacles in life from stumbling blocks into stepping stones.

Try this offer for the 4 lesson starter course. Like it or love we have a class for you. Programs are affordable and we are now enrolling!

Hope to meet you soon,
Theron Sturgess
Lead Teacher and founder of Dynamic Edge
